ELCOMPONICS SALES PVT. LTD.

Elcomponics is a quality and customer oriented company with a global vision and reach. . A journey that began with a dream, one that withstood the challenge of time. Even as I pen my thoughts, the world is changing at a rapidly and technology is becoming obsolete quicker than it is conceived. Hence it is imperative to stay in tune with the changing times, which is why we at Elcomponics believe in keeping abreast of the latest trends and the ever-changing needs of the customer. This feat is accomplished by technological innovation and effective teamwork. We would be pleased to design, manufacture and supply most complex wires & cables against your specific requirements. Our in-house capabilities are such that we can design, manufacture and supply wires & cables to any international standards in our automated plant. We strictly practice and follow ethical values and green environment norms, optimizing production processes, avoid hazardous substances at every stage of manufacturing. We hope you will find this website helpful and easy to navigate. In case you have any difficulty in getting exact information that you may need, please do not hesitate to contact us. We will respond as quickly as possible. Thanks for your visit to our site

and look forward to work with you as our esteemed customer.

VMI (Vendor Managed Inventory) Support :-

We have good experience with VMI system where we support our customers by managing inventories close to customer facility. And support them with local or just in time supplies. Presently Elcomponics is managing two warehouses one offshore in Philippines and another one in Bangalore, south of India. We are open to invest in such systems for other customers provided the economies are viable.

- Support to customer by :

- .Rapid prototype development
- .Component selection
- .Value Engineering
- .On Site Engineering support
- .Harness routing and layout study
- .Design up-gradation

EXPORTS:-

Having realized the potential of the US and South East Asian markets we have established a new manufacturing unit exclusively for export of connector assemblies and wiring harnesses to these markets. Today we are exporting directly to the various countries worldwide.

China | Phillippines | Saudi Arabia | Bahrain | Turkey | Slovakia | Poland | Ireland | Brazil | USA | Australia | France |
